From the Principal

Dear Families

This week Sacred Heart staff and students welcomed Grandparents and special guests to our School assembly. This day was a day to celebrate and acknowledge the amazing people known as Grandparents. This day was also to recognise the Feast day of Joachim and Anne, the parents of Jesus' mother Mary.

Grandparents and other guests enjoyed a morning tea and it was wonderful to see the rich connections that families have within our school community. Connections between children and the elderly can build strong positive relationships and a sense of belonging. Grandparents and elderly citizens play an important role within families and communities.

Thank you to all the wonderful families that support our school community, we are blessed to be able to connect with extended families.

"How important grandparents are for family life, for passing on the human and religious heritage which is so essential for each and every society! How important it is to have intergenerational exchanges and dialogue, especially within the context of the family. Children and the elderly build the future of peoples: children because they lead history forward, the elderly because they transmit the experience and wisdom of their lives. This relationship and this dialogue between generations is a treasure to be preserved and strengthened!" **Pope Francis**

Thank you for your continued support. Have a wonderful week.
